## LED Lighting kits for vehicle lifts

Fitting of GEMLIGHTS, as opposed to traditional fluorescent tube lighting kits, will save you a lot of money! This is because less energy is used, the lights themselves are virtually indestructible (supported by a 10 year factory warranty\*) and the lighting kits are cheaper than traditional tube kits.

GEMLIGHTS are designed for use anywhere where strong, efficient and concentrated light in a specific working area is needed, or where the ability to adjust the lighting angle is required.

### Technical Specifications

- 56 LEDs (per tube)
- 14W power consumption
- 1100 lumen
- 75 degree brightness adjustment of beam angle
- 24V DC power supply (transformer included)
- May also be wired into control box of lift
- 2 tubes required for two post lift
- 4 tubes for lifts up to 6 metres in length

### Measurements

Diameter  $\varnothing$ 25mm | Length 1630mm

**Super-strong, magnetic fixings mean no drilling of your lifts!**

\* Warranty excludes accidental damage and vandalism.
